SYRUP OF FIGS FOR CROSS, SICK

If Little Stomach Is Sour, Liver Torpid or Bowels Clogged.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets slug-gish and stomach disordered.

swallows 125 Grains of Mercury, Dying Half Hour Later in Hospitala.

Carroll Grayson Galt, son of the late William A. Galt. of the firm of Galt & Brother, was taken to Emergency Hospital yesterday morning suffering from bichloride of mercury poisoning and died within half an hour of his arrival there. "I want to die," was the only answer Galt made in response to questioning. Fully 125 grains of the polson were taken by Young Galt, in the opinion of Dr. Sanderson, of the Emergency staff, who attempted to sevive him. Carroll Galt was 27 years old and resided with his mother, Mrs. William A. Galt, at 8 Oxford street, Chevy Chase. He was in the offices of the United States Poster Company shortly before taking the polson and displayed the bottle of tablets in such a manner that friends took them from him. Later the bottle was returned and he left the offices. A few minutes later he returned and his friends saw from the coloration of his tongue that he had swallowed the polson. He told them of his act and descended the stirway to the saloon operated by Luther McMillen.

McMillen, who was in the place, noticed the man's strange behavior and asked him what was wrong.

"I have taken poison," he said. "Send

"I have taken poison," he said. "Send for ah ambulance."

When Dr. Sanderson arrived in the ambulance he discovered the man's condition was critical and hurried him to the hospital, where strenuous efforts were made to save his life, but to no avail. His mother was notified, but reached his bedside only after death. A brother-inlaw was the only relatives at his side before he died,

Neglecting Your Health?

When everybody lived outdoors kiddiseases were unknown. Lungs, and kidneys worked together to keep the blood fresh and pure. Nowadays the thinkers, the writers, the store and office employes, the housewives and other indoor workers get too little fresh air, exercise, rest, and sleep. The kidneys weaken. Backache, headache, disorders become daily trials. Neglect causes many a fatal case of Bright's disease. Don't delay. Use Doan's Kidney Pills

A Washington Experience:

Joseph F. Phipps, city fireman, residing at 1609 Thirty-third St. N. W., says:
"I exposed myself to the weather and I think that was what affected my kidneys and caused backache last winter. Many times when I was sitting down and tried to straighten up sharp pains caught me in the small of my back. The action of my kidneys was irregular. Two boxes of Doan's Kidney Pills cured me."

Work for Retirement Law.

The central committee on teachers' retirement met yesterday afternoon in the Franklin School and formed a permanent organization. Miss R. E. Shanley was elected president. The committee is comprised of representatives of all public schools of Washington and members of the Board of Education.

The retirement bill was discussed and several minor changes in the wording were made, but the meaning was not altered. Among the officials present were Superintendent of Schools Ernest L. Thurston, his assistant, Stephen E. Kramer, William T. Galliher and Susie Root Rhodes.
